SKILLS AND TECHNOLOGIES

EXPERTS : Javascript | TypeScript | Tailwind Css | React Js | Next js | Mongoose | Zod

COMFORTABLE : Express Js | Node Js | MongoDB | Firebase | Redux

FAMILIAR : JWT

TOOLS : Vs code | Figma | GitHub

SOFT SKILL : Teamwork | Communication | Time Management | Collaboration

PROJECTS

RENT (Car Rental Platform)

[Live Link](#) | [GitHub](#) > [Client](#) | [Server](#)

A seamless full-stack car rental platform for customers, with powerful and easy-to-use admin tools for managing bookings, inventory, and reports.

- Enabled seamless car browsing, booking, and rental management with real-time availability checks and secure payment gateway integration.
- Developed user authentication with real-time validation for sign-up, sign-in, and profile management, plus advanced booking modifications.
- Implemented admin tools for managing car listings, user accounts, bookings, returns, and generating real-time business reports.

Technologies: React Js | Node Js | Express Js | Mongoddb | JWT | Tailwind CSS

TECQUE (Social platform)

[Live Link](#) | [GitHub](#) > [Client](#) | [Server](#)

This platform is designed for sharing and discovering insightful tech tips. It features upvoting, commenting, and a rich text post creation tool to enhance your content.

- Users can create, share, and interact with tech tips, including upvotes, comments, and following features, with premium content for verified members.
- Admins manage content and track performance with detailed analytics and activity logs.
- Payment integration for premium content access with a subscription model for exclusive features.

Technologies: Next Js | Node Js | Express Js | Mongoddb | JWT | Tailwind CSS

KHANA PINA (Food Ordering Platform)

[Live Link](#) | [GitHub](#) > [Client](#) | [Server](#)

A restaurant platform for food ordering, real-time tracking, and payment, with user-friendly admin tools for managing orders, menu, and payments.

- Users can search for food, place orders, and track their orders in real-time for status updates.
- Admins can manage orders, menu items, and track sales performance.
- Seamless payment options for users, with order and payment tracking for admins.

Technologies: React Js | Node js | Express Js | MongoDB | JWT | Tailwind CSS
